

# CONTA-ME PORTUGUESE VINHO VERDE ROSADO | 2022

## THE PROJECT

Conta-Me Portuguese Tales is a collection of wines that will give us an opportunity to work with the producers, regions, styles, and terroirs that continue to excite us in Portugal...and to create something that makes us think (and taste) of the Portugal of Luis's parents and grandparents. Theirs was a generation that wasn't fussy about the fruit of the vine, before the "advent" of the winemaker, and who enjoyed every drop as part of their daily gastronomic ritual.

## CONTA-ME VV ROSÉ

For the 2022 vintage of Conta-Me Vinho Verde Rosé we went to Barcelos - a region within the renowned Vinho Verde DOC - where we worked with one of the area's most old-school producers to make a wine that made us happy. This blend of the driest red grapes of the region has a rhubarb meets grapefruit nose, with passionfruit on the palate and a dry finish, a bit of spritz, and a lot of acidity to keep us satiated. Though this is vinho verde in its true essence, we also feel that Conta-Me VV is a grown up version of what most know the region for.

## WINEMAKING

After careful selection of the grapes varieties of the region, the grapes were harvested and vinified using the most modern technology, destemmed, lightly pressed and fermented at a controlled temperature in stainless steel vats.

Bottling: February 2023

**Vintage:** 2022 // **Region:** Barcelos (Vinho Verde) // **Alc:** 10% // Grapes: Espadeiro, Amaral & Vinhão
